STRAYED OR STOLEN!

IMPORTANT TO MILL OWNERS.

IMPORTANT TO MILL OWNERS.

AVING received my Letters Patent for an improved method of Dressing Millstones, I am now prepared to furnish Machines to Millers and Mill Owners.

I will guaranty that any practical Miller can, at the first trial, if he will try, dress a pair of Burrs in half the time that he can do it with the common hand-pick now in use; and that the work done by the machine shall be better than can be done by nine out of ten of the best handlers of the common pick. The machine makes a clean, clear, thread-like mark, and does not brittle up nor break the face of the stone. It can be controlled at the will of the operator, instantly to make the most delicate lick or one with the force of toe pounds, if required Every practical Miller knows that a stone is only required to be dressed where the proof staff indicates. This can be done by the machine, no matter how brittle or tender, or how close and hard the face or place on the stone may be, the operator can face it down, or touch as lightly as he pleases. There are three very good reasons for trying them:

First. With fair use, the machine will last twenty years. Second. It is complete within itself, and will not take five minutes, nor cost five cents to try it. Third. I give with the machine thirty tools, or pick-blades, which will last any two pair of stones, to be dressed twice a week, for two years, and then any good smith can replace them for twenty-five cents appice.

I have used this machine in my mill for nearly

good smith can replace them for twenty-ave cents apiece.

I have used this machine in my mill for nearly fourteen months, to dress both the face and the furnews of two pair of four feet French Burrs, and there has been no hand-pick used on them in all that time. I know that I make a good yield, and I think the reputation of my mill will warrant me in saying that I turn out a first-rate article of Flour

I have a medal awarded me for the invention of an ingenious and useful machine for Dressing Millstones, by the Commissioners appointed at the exhibition of the World's Fair, in the Crystal Palace, at New York city, besides flattering certificates from all I have sold the machine to.

Having recently obtained Letters patent, I am now prepared to furnish the machines, and to sell State, county and shop rights.

This is to certify that I have been employed in the O'Fallon Mills for the last ten months, as Miller, during which time I have had a fair opportunity of testing Mr. J. G. Shands's Patent Mi Istone Dressor. I know, by experience with the machine, that there is not only economy in time and tools, but the stone may be kept in perfect face, and a fine, ever, sharp, grinding dress put on in less time and labor than with hand picks; besides, it takes very little practice to handle the machine, and any one who has experience enough in milling to know what is required to sharpen the face of a stone for grinding, can very soon learn to do a good job with the machine.

Prepared by

Dr. C M. Jackson at the German Medicine Store, 120 Arch street, Philadelphia.

Their power over the above diseases is not exceeded the second of the stores.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attent, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the liver and lesser glands, exercising the most scarching power in weakness and affections of the digestive organs, they are withal safe, certain, and pleasant.

More Home Testimony PHILADELPHIA, March 1, 1853.

Dear Sir: For the past two years I have been severely afflicted with Liver Complaint, Dyspepsia, and Piles, suffering constantly the pains and inconveniences attendant upon such complaints, without energy, being scarcely able to attend to any business. I used a great deal of medicine, without any apparent change until I used your "Hoofland's German Bitters." They have entirely cured me. I am now entirely free from pain and ache of any kind, and feel like a new man in every respect, and unhesitatingly recommend your Bitters to all invalids.

Yours, respectfully, John R. Coux, Dr. C. M. Jackson. No. 12 Lagrange Phace.

PHILADELPHIA, January 13, 1853.

DEAR SIR: I have used your "Hoofland's German Bitters" in my family for the last four years, for Liver Complaints and Dyspepsia, and am pleased to acknowledge that we have received the greatest benefit from its use. I have recommended it to a great many afflicted with similar diseases, with the same good result. I have no hesitation in raying that it is an invaluable medicine, and hope you will be able to introduce it into every family in the Union.

These Bitters are entirely vegetable, thereby possessing great advantages over most of the preparations recommended for similar diseases. They possess great power in the removal of diseases of the flver and lesser glands, exercising the most potent influence in weakness of the norves and digestive organs. They are, withal, safe, certain, and pleasant.

"Eternal Vigilance is the price of Liberty?" PROSPECTUS OF THE PREE CITIZEN.

A PAPER FOR THE PEOPLE. THE undersigned proposes to publish at the seat of government of Pennsylvania an Independent Democratic weekly newspaper under the above title; and, in announcing this purpose, we deem it proper to refer briefly to a few of the general principles which

to refer briefly to a few of the general principles which shall govern our course.

The Scripture teaches that "God created man in his own image," and that all men are consequently brethren. The Declaration of Independence recognises this trath when it declares that "all men are created equal, and that they are endowed by their Creator with certain inalionable rights, among which are life, liberty and the pursuit of happiness."

We believe in the Constitution of the United States, which declares its purpose to be "to form a more perfect union, establish justice, insure domestic tranquillity, promote the general welfare, and secure the blessings of liberty," and hold that all its provisions should be construed in accordance with this general purpose.

sings of liberty," and hold that all its provisions should be construed in accordance with this general purpose.

This was the position and purpose of the sajes of the Revolution, and we, their descendants, should labor to secure the blessings of individual liberty and national liberty.

We believe in Democracy—a government by the People and for the People—in the Democracy of free thought, free speech, free conscience, free labor, and free men—in the Democracy which loathes Oppresion, and which does not bend its back to sustain the interests of a Class, however powerful or imposing its numbers or position. A Democracy which does this, which despises the People, underrates their intelligence, disregards their opinions, and abuses their confidence, we took upon as a protence and a sham. If man is to be considered merely as a stall fed animal, to be satisfied when filled with creature comforts, then will free citizens and free laborers be looked upon as a nuisance and an incumbrance; but not when they are regarded as the life-blood of the Republic. We have been told that such a paper as we propose to print cannot live in the atmosphere of Harrisburg, that the politicians of Pennsylvania have so debauched her public sentiment as tocrush out all regard for Justice, Humanity and the Rights of Man as proclaimed in the Declaration of Independence; but we do not believe this. Every friend of freedom and democracy has a personal interest in the reputation of the Commonwealth, and we trust every friend of the cause will do his part to sustain The FREE CITIZEN. and refute this slander on the Keyston State.

TREMS.—THE FREE CITIZEN will be printed on a large and handsome sheet, at Two Dollars per year, payable invariably in advance. Three copies will be sent for \$5; 5 copies for \$15. No paper will be sent unless the money accompanies the order. Address

To those persons who may visit Washington, and are in want of a boot that cannot be excelled, either are in want of a boot that cannot be excelled, either in quality or workmanship, we would call their attention to the card of Henry Janney, to be found under the head of "Washington." A handsome and neatly-made boot is not at all times a source of pleasure to the wearer, but often one of extreme torture; this is caused by the bungling manner in which the boot is fitted to the foot. Mr. Janney has devoted much of his time in studying the construction of the human toot, in order to ascertain how a boot should be cut and fitted, that will be perfectly easy to all-parts of the foot. In this he has succeeded, so that it matters not what may be the shape of, or the number of corns on the foot, his boot is perfectly easy. Thus he has combined beauty with comfort.

THE CONFLICT OF AGES!

BY DR. EDWARD BEECHER. This Remarkable Work has reached its Fifth Edition, in the brief space of Four Months A success unprecedented in Theological Pub

A success unprecedented in Theological Publications!

A N impression has already been produced by this masterly treatise, the most profound, wide reaching, and permanent.

It is perfectly manifest to all competent observers, that we are upon the eve of a theological discussion, the most comprehensive, radical, and portentous, the world has ever seen. To this discussion this book loads the way, with a momentum irrestible. There is not a question is Theology which is not destined to come up for a new and thorough settlement in the light of this final development.

All those who have Theological doubts and difficulties should examine the folution this work afford. Those who have no doubts, but who wish to study the history of opinions in the past, and to keep pace with the developments of opinion in the future, will grievously err if they neglect to make themselves familiar with this book. It contains the seeds of the thinkings and debatings of the next hundred years. The reception of this work by the The logical press of the country, has been significant. Equally duclining to accept his conclusion, they do it on opposite and contradictory grounds. One half of the Theological press endorses the major premise of the argument, and denies the major. And as they are probably both right in their positive element, and wrong in their negative, the work has received a Virtual Endorsement of the most powerful kind.

As regards the ability of the work, and its claims on the attention of all, the following extracts may suffice:

It would be difficult to find within the limits of a hundred pages any treatise or essay that can compare in importance with this analysis (B. iv) of Orthodox doctrines. Dr. Beecher has struck upon the right principle in his theory of typical interpretation, in the fifth of Romans.

From the Methodist Quarterly Review.

The profoundest questions of Theology are taking hold of the American mind. The "Conflict of Ages is an carnest exposition of the great problem of Theology, by an earnest man, who feels and thinks strongly. The book is very able in many respects.

How much anxiety which the book will cause to the Orthodox may be allowed to transpire publicly, we cannot say; for policy may dictate reserve; but in private there must be a frequent repetition of the question, "Men and brethier, what shall we do?"

Pugh! "Henpen, the sky is falling." "Who told you, Chicklick?" "I went down into the garden, and a currant fell on my head?"

From the Christian Examiner. The word "Pugh" is easily spoken. We consider the book as so manifestly destined to re-open, in the most effective way, our whole controversy, and, in the long result, to win such a triumph for our general views of the doctrines of the Bible, that we would give our vote to a proposition that one-half the whole sum of fifty thousand dollars which the Unitarians are about to raise for the circulation of their books should be spent in the di-semination of this volume.

From the Unitarian Monthly Religious Magazine Dr. Beecher's theory acts with most logical force against Orthodoxy, with most spiritual force against Unitarianism. Those apostles of lax notions respecting man a sintalness and need of regeneration, who have hastened to greet this volume as an ally to their cause, will be subject to a dirappoints eet. * * Whoever undertakes to answer the gener .
